## The TCC Philosophy

### *Directors' Desk*

#### **Dear Budding Manager,**

The only thing constant in this world is change. And, no other examination personifies it better than the Common Admission Test, commonly known as CAT.

CAT is an examination which aspires to determine one's knowledge, skills, and attitude.

- **Knowledge** broadly comprises Quantitative and Verbal prowess
- **Skills** imply concentration, patience, speed, accuracy, decision-making, short- & long-term memories and logical, analytical & reasoning abilities
- **Attitude** too plays an important role. Perseverance, Passion and Commitment are imperative in the quest towards glory and success

CAT is actually an **Application Examination** in which the ability to apply existing knowledge to new, uncertain and often ambiguous areas is tested and under constraints.

It is hence a **fitness test** to ensure the ability to survive and to succeed in this demanding and globalised environment.

**In the context of the aforementioned, we take pleasure in bringing to you our classroom training towards CAT and the allied MBA-entrance examinations - an experience that aspires to epitomise the concept of training.**

The training details are enclosed.

Notwithstanding the same, in our endeavour towards continual development and excellence, we reserve the right to modify the programme, the modus-operandi, and the pedagogy without prior notice.

#### ***Explicit objectives of this training are as follows :***

- Development of the requisite Knowledge, Skills, and Attitude for CAT and the allied MBA-entrance examinations
- *Crystal Clear Concepts*

#### ***The subtle objectives encompass :***

- To change the way one lives and thinks
- To ensure Overall Development and Character Building

**Let us not be myopic, any more, in life.**

**With best wishes.**

SIR & MA'AM  
(Mr. Sandip Sen) & (Dr. Soma Sen)

## MBA Overview

## Global Platform

### What

The MBA (Master of Business Administration) is the world's most sought-after postgraduate degree as it is an imperative stepping stone towards a successful managerial, leadership, and entrepreneurial career.

In the era in which we live, the reach and the scale of operations are necessities as companies are diversified and multi-faceted. This global thinking and local planning increase the scope of an MBA substantially as an education in management provides a basket of the requisite knowledge, skills, and mind-set needed to survive and to succeed in this demanding environment.

### Advantages

In this globalised and liberalised environment it provides a passport towards :

- Wider career options
- Superior employment positions
- Faster career growth
- Enhanced income potential

### Eligibility

Graduates from any discipline (Commerce, Engineering, Humanities, Management, Science, Technology, etc.) are eligible. Aspirants can take the entrance examinations in their final year of graduation so as to enable them to pursue MBA without a break in their academic life. Students pursuing B.Com, BBA, BMS, B.Sc., BA can pursue MBA after obtaining the Bachelor's Degree post three years of graduation.

### Specialisations

While the list of specialisations offered by business schools is expanding continually, the broad areas that the students can specialise in are :

- Marketing
- Finance
- Human Resources
- Systems
- Operations

In the first year, a student is usually exposed to all the facets of management and to all the above functional areas. The choice of specialisation is usually made in the second year based on one's competence, aspirations, and interests.

*Towards a successful managerial, leadership, and entrepreneurial career*

## CAT Results : Epic

- For the last continuous 13 years TCC has the best results among freshers who are general graduates.
- This implies B.Com., BBA, BMS, B.Sc. and BA students who went to a business school without work experience.
- These TCC Students have got into top business schools including IIMs and XLRI on a regular basis.

## GD-PI-WAT Results : Monumental

- Best results in the country, by a long margin, since inception (May, 2001), i.e., for the last 23 years.
- Also, for the last staggering twenty years (2004-05 to 2023-24),
  - IIM(s) call-conversion has been above 90 %
  - XLRI call-conversion has been above 80 %
  - Overall call-conversion (all business schools included) has been above 90 %

## Career Results : Matchless

Thanks to 'The TCC Journey' (CAT & GD-PI-WAT trainings),

- Till date more than 200 TCC Students have got the best placement in their respective business school.
- TCC Students have got the best all India placements, all business schools combined, for 4 consecutive years.
- No other institute in the entire country has been able to match this feat.

**Why depend on TCC Students when you can be one of them ?**

**Decide logically, not based on gimmicks, discount-traps, and nomadic faculty members**
